## HDS SAFETY TRAINING BEGINS TODAY

Beginning today and until January 29, videotaped training sessions will be held in G.O.B. Room A and B for all Mechanical Department employees. The training, which is related to the HDS project, lasts one hour and will be attended by several groups as scheduled by their supervisors. The first session was held this morning at 8 o'clock.

## HYDROGEN PLANT'S STEAMLINES PREPARED FOR SERVICE

The hissing sound from the refinery over the weekend was caused by high pressure steam blowing of the Hydrogen Plant's lines. This procedure is meant to clean the lines and to prepare them for service. The steamblowing has been going on intermittently at night for the past week, but was only heard in the San Nicolas area over the weekend due to a wind change.

## LAGO PRESENTS TWO FILMS ON TELE-ARUBA TONIGHT

"Winky the Watchman" and "Pan American Games" are the titles of Lago's films on Tele-Aruba tonight. The program begins at 6 p.m.

## RAINFALL

The pluviometer at the Laboratories registered .080 inch of rainfall last week. During a similar period last year .210 inch of rainfall was recorded.

## NO. 3 BOILER BACK ON STREAM

During the weekend, No. 3 Boiler at No. 1 Powerhouse was returned to service following tube and roof repairs. The boiler had been down two weeks.

## TECHNICAL SCHOOL IN SAN NICOLAS ANNOUNCES EVENING CLASSES

In case of sufficient interest the following evening courses will be given at the Technical School in San Nicolas starting February 1:

- N.I.L. arc welding, beginners
- N.I.L. arc welding, advanced welders

Some experience is required for participation in the beginners' course.

For participation in the advanced course the student should have a N.I.L. beginner's diploma. Employees who wish to attend these evening courses are reminded that registration takes place at the Technical School in San Nicolas on January 20 and 21 between 7 and 8 p.m.

The tuition fee (Fls. 18) should be paid upon registration.
